Installer Onboarding Audit Summary

Run ID: 20260211T035341344Z--0533c94b | Base URL: http://127.0.0.1:3001 | Env: local | Timestamp: 2026-02-11T03:53:56.657Z

OVERALL (PASS-1)	PASS	FAIL	NOT_BUILT
FAIL	**2**	**4**	**2**

Check	Title	Status	Details
INSTALLER-01	Public entry exposes installer onboarding start	NOT_BUILT	Onboarding CTA to /signin?role=service-partner not found
INSTALLER-02	Account creation/sign-in yields onboarding workspace access	PASS	
INSTALLER-03	Terms gating is enforced before submission	NOT_BUILT	No installer/service-partner terms acknowledgement/link found within onboarding workspace
INSTALLER-04	Licence/accreditation verification response is deterministic	FAIL	Expired accreditation date did not block progression (no deterministic expiry validation)
INSTALLER-05	Required-field gating blocks incomplete onboarding	PASS	
INSTALLER-06	Evidence upload rules are enforced (PDF-only, required artefacts)	FAIL	Uploaded file download not accessible (404)
INSTALLER-07	Final submission transitions state and locks editing	FAIL	Submission did not complete successfully (likely backend persistence dependency)
INSTALLER-08	Admin review produces Reviewed outcome and (if approved) activation gates access	FAIL	Admin review queue loaded but no review link became visible (list empty or fetch failed)
